Launch of VeeSee.co.uk

Dear Viewers - Welcome to Your Virtual Deaf Community
AND VeeSee TV!

VeeSee.co.uk brings you Global Deaf and Hearing News in Sign Language. Wherever you are on the map VeeSee wants to know and receive your deaf stories to share them on a global deaf platform. Send VeeSee a copy in .avi format with an explanation of your story to make sure places and people are explained properly. **WE CAN'T WAIT TO HEAR FROM YOU AND KNOW ALL ABOUT WHAT IS IMPORTANT TO YOU.** VeeSee.co.uk has the following platforms to choose from:

VeeSee Deaf and Hearing **News** brought to you in British Sign Language. Send us your stories in BSL and other sign languages and we will make a section for you too - just tell us your country of origin. If you can send your stories in International Sign Language that would be fab then we can all enjoy them.

MyVeeSee (**Community**) where you can share your profile, chat with friends in sign language, upload great photos and video and never have to feel alone or isolated again. You can make it a really exciting place to be, so go for it make new friends today!

See and Learn where you can teach online and learn online. VeeSee wants to hear from you if you have a skill or some knowledge you would like to share. We can help you do it. So many people want to know what you know, and the beauty of VeeSee is you can earn money from sharing with others. Contact us on info@vee.see.co.uk for more information on how to create some lessons now. I've always wanted to know how to change my car tyre and make a great Victoria Sandwich Cake....anyone fancy teaching me and others how? Come on Share and Earn you'd be mad not to!

VeeSee **Buy and Sell** allows you to open up a shop for free and sell your goods and services straight from the website. How cool is that!! **YOU CAN OPEN A SHOP FOR FREE!** Another way to expand your customer list and advertise from another platform.

Tell us all about your event, from Lunar watching to footie at the weekend. We will list your events and supporting information, just send your listing to info@vee.see.co.uk. Even better if you can send us your footage on a copy DV tape in .avi format we can show your filmed event on VeeSee for everyone to enjoy. Some sports would be great!!
